

MATH COMMON CORE STANDARDS

#5

USE APPROPRIATE TOOLS STRATEGICALLY

I know when and how to use certain tools to help me explore and deepen my math understanding.

#6

ATTEND TO PRECISION

I can use accuracy and efficiency when solving problems and communicating ideas.

#7

LOOK FOR AND MAKE USE OF STRUCTURE

I can apply what I already know to a new problem.

#8

LOOK FOR AND EXPRESS REGULARITY IN REPEATED REASONING

I can notice when calculations are repeated. Then, I can find more efficient methods and short cuts.
